ALL GERMANS IN BELGRADE INSTRUCTED BY BERLIN TO LEAVE IMMEDIATELY

Story About Twenty-thousand Refugees Untrue

THE REMAINING GERMANS IN BELGRADE, NUMBERING ABOUT 50, RECEIVED INSTRUCTIONS FROM BERLIN YESTERDAY MORNING TO LEAVE THE CAPITAL IMMEDIATELY, STATES A LONDON MESSAGE. THE ONLY GERMANS STAYING ARE THE CHARGE D'AFFAIRES AND THE MILITARY ATTACHE.

The entire Yugoslav Press has given an answer to the German stories of large-scale evacuation by Germans.

THE TALK OF 20,000 GERMAN REFUGEES LEAVING YUGOSLAVIA IS DESCRIBED AS ABSURD. ACTUALLY THE NUMBER OF GERMANS TO LEAVE WAS 2,000 AND THEY DID SO AT THE GERMAN REQUEST. NO-ONE HAD ANY REAL REASON TO LEAVE THE COUNTRY.

Yugoslavia wishes to keep out of all wars but those who leave the country in this manner are not doing anything to contribute to the pacification of this part of the Balkans.

YUGOSLAV ARMY WITHIN STRIKING DISTANCE OF ALBANIAN FRONTIER

BELGRADE, Apr. 3 (Reuter)—With a large and well-equipped Yugoslav army within striking distance of the Albanian frontier, SIGNOR MUSSOLINI IS BELIEVED TO BE MOST ANXIOUS TO AVOID A CONFLICT THAT WOULD ENDANGER THE ONLY SAFE SUPPLY ROUTE TO NORTHERN ALBANIA.

The Italian Minister is reported to have paid four visits to the Yugoslav Foreign Office in attempts to avert a German attack.

The view here is that the Yugoslav army could reach Durazzo in the shortest time, while other forces could invade Albania from the east.

It is expected that a Government declaration will reaffirm the Serbo-Croat agreement re-established on the 1939 agreement.

CROWN COUNCIL

Gen. Simovitch and a Croat representative are reported to have agreed on the formation of a Crown Council of three comprising M. Jovanovitch, Vice-Premier, and Serb, the Croat leader M. Matichuk and the Slovene leader, M. Kulovec. The basis of the council would be reciprocity among the peoples of Yugoslavia.

EFFORTS COLLAPSE

NEW YORK, Apr. 3 (Reuter)—Signor Mussolini's last minute efforts to avert war between Yugoslavia and Germany have collapsed, according to a Belgrade despatch to the New York Times.

Sources close to the Yugoslav Government, says the despatch, have disclosed that talks between Italy and Yugoslavia and between Germany and Yugoslavia, have reached a deadlock.

In high diplomatic quarters in Belgrade, the outlook is described as hopeless and war inevitable.

Matsuoka Gives Fascist Salute From Train

MR. MATSUOKA, THE JAPANESE FOREIGN MINISTER, left Rome yesterday for a return visit to Berlin where he will talk with Herr Von Ribbentrop, the Nazi Foreign Minister, states a London message.

Mr. Matsuoka was seen off at the station by Count Ciano, the Italian Foreign Minister, and as the train moved away, the Japanese diplomat leaned out of his carriage window and gave the Fascist salute.

When the history of this war comes to be written it will say that "Mr. Matsuoka has made one of the most remarkable tours since Marco Polo," states a message from Sydney. His arrival in Europe has coincided with setbacks to Herr Hitler and Signor Mussolini.

DIPLOMATIC 'ALICE'

In Australia, Mr. Matsuoka is regarded as a diplomatic 'Alice In Wonderland' and people in Australia are beginning to ask what is the meaning of his tour.

The meaning lies in the point which Mr. Matsuoka emphasised in Rome on Wednesday when he said that he wanted to inform himself of the true situation in Europe.

Mr. Matsuoka has had an audience with the Pope, states the Sydney message, and who can tell him of the true situation better than the Pope?

A DISSERVING

CANBERRA, Apr. 3 (Reuter)—Mr. Matsuoka's speech in Berlin and Rome would be a disservice

The Yugoslav Prime Minister, GEN. SIMOVITCH, has acknowledged in an interview with a Greek paper the Yugoslav debt to Greece. He said, "As an honest soldier, I have to admit that I was Greek heroism that showed us the path we must tread. The Yugoslav nation is hostile to no-one and seeks friction with no-one. Our army stands only to safeguard our national dignity which we are determined to defend. We want to be friends with all the people around us and the maintenance of that friendship depends on them alone."

The German atrocity campaign against Yugoslavia is now full out and newspapers have printed the following fantastic headlines: "Serbs want to wage in German blood"; "Serbs threaten to roast Germans in their own homes."

IMPORTANT NOTE

Gen. Simovitch is reported to have sent two Yugoslav Ministers with an important communication to the Turkish Government, states a message from Sydney which adds that these two envoys arrived in Istanbul yesterday.

In the meantime the Nazis continue to threaten Yugoslavia for the ill-treatment of the German minority and intensified activity is reported on the Rumanian frontier.

PERIODICAL TALKS

The periodical talks between the Middle East Command and the Turkish authorities are being continued in Ankara. Britain is represented by Lt-General Sir James Marshall-Cornwall, Air Chief Marshal Elmhurst, and Admiral Sir Howard Kelly (personal representative of Admiral Sir Andrew Cunningham).

Today's News Summary

ONLY THE GERMAN Charge D'Affaires and military attache will remain in Belgrade as all Germans have been ordered by Berlin to leave immediately. Mussolini is said to be anxious to avert a conflict between Germany and Yugoslavia. A strong Yugoslav army is within striking distance of the Albanian frontier.

THE ADVANCE TO Addis Ababa is proceeding and British forces have captured a point 180 miles from the city. In Eritrea many prisoners have been captured and many more are being rounded up.

TWO GERMAN SHIPS which slipped out of Callao harbour have been found by a Peruvian cruiser on the high seas ablaze and abandoned by their crews. An Italian ship at Rio de Janeiro is to be seized.

COUNT TELEKI, Prime Minister of Hungary since 1939 when he succeeded Dr. Imredy, has committed suicide.

THE EAST INDIAN Station has accounted for two more Italian destroyers which recently left the port of Massawa.

DR. QUO TAI-CHI, Chinese Ambassador to the Court of St. James's, London, has been appointed Foreign Minister to succeed Mr. Wang Chung-hui.

MORE SUCCESS FOR EAST INDIAN STATION

One Italian destroyer was sunk by aircraft and another left in a sinking condition, according to an Admiralty communique quoting a report received from the Commander-in-Chief of the East Indian Station, states a London message.

Both destroyers had recently left Massawa and are in addition to the one of the Panther class the destruction of which was announced on Wednesday.

Five British lighters have been seized by the Japanese in Shanghai, states a London message.

The cargoes were confiscated the excuse given being that they were destined for the Chungking Government.

The British authorities in Shanghai have lodged a strong protest.

PROMOTION FOR QUO TAI-CHI: TO BECOME FOREIGN MINISTER: KOO NAMED AS LONDON AMBASSADOR

CHUNGKING, Apr. 3 (Reuter)—It is officially learned that DR. QUO TAI-CHI, Chinese Ambassador in London, has been appointed Foreign Minister succeeding MR. WANG CHUNG-HUI.

This change is interpreted in many circles as a further indication of the close Chinese-British relations since Dr. Quo is generally regarded as extremely successful in London.

Dr. Quo's successor has not yet been announced, but there is talk of transferring DR. WELLINGTON KOO, Chinese Ambassador in Vichy, to London.

The appointment of Dr. Quo Tai-chi as China's new Foreign Minister caused no surprise here.

Rumours of the change have been persistently circulated among various quarters here during the past two years and the names of Dr. Quo Tai-chi, Dr. Wellington Koo and Mr. Wang Shih-chieh have been mentioned as possible candidates for the post of Foreign Minister.

Mr. Wang Chung-hui has been appointed Secretary-General of the Supreme National Defence Council, replacing General Chang Chun, Governor of Szechuen Province, who resigned his concurrent post with the Supreme National Defence Council.

POPULAR ENVOY

LONDON, Apr. 3 (Reuter)—Dr. Quo Tai-chi, popular Chinese Ambassador, is leaving for China shortly, Reuter learns. Seen by Reuter, the Ambassador said that he had received instructions from General Chiang Kai-shek to return to Chungking.

Regarding the rumour that he will become Foreign Minister in place of Mr. Wang Chung-hui, the Ambassador stated that he could say nothing as any announcement must come from Chungking.

Dr. Quo will travel by America, where Madame Quo and their two sons have been staying since England entered the war. Dr. Quo has been Ambassador in London for over eight years, where he has won wide popularity and prestige. His speeches on Chinese and world affairs have been particularly notable and his departure will be greatly regretted by a wide circle of friends.

OPEN TENNIS TSUI WAI-PUI WINS IN TWO STRAIGHT SETS

Though TSUI WAI-PUI was not given the stiff opposition expected from K. H. YIP, the promising young South China champion, their singles match in the Open Tennis tournament at the Stand Court yesterday had its bright moments despite the fact that the ex-holder won in the straight sets of 6-4, 6-4.

Wai-pui was obviously not over-exerting himself though there were occasions when he had to give of his best and even then he was hard put to stave off his opponent. Yip was inconsistent. He had a well-controlled forehand drive but his lobbing was very poor.

Both players started off cautiously and games alternated until the sixth when Tsui broke Yip's service to lead 4-2 and went on to take the set after dropping the eighth game.

After Tsui, in the second set, had led 5-2 some of the best tennis was seen.

CLUB MATCHES The following were the results of Club matches: H'cap Doubles: F. W. Carter and E. N. Thursty beat R. E. Guest and B. C. Fay 6-2, 6-0; H. J. Armstrong and P. Wynter-Blyth beat D. S. Robb and C. W. E. Bishop 6-2, 6-3.

On the Expenditure side the only items which show appreciable increases are those of wages and printing and stationery. The staff's wages were increased during last year due to prevailing high cost of living, and an Assistant Secretary was also appointed to help our Hon. Secretary.

The Club premises were redecorated. Our boxes at the Jockey Club were also entirely renovated. Thanks to the support of members the profits of the bar were substantially increased during the year under review.

VOTING MEMBERS

After the Report and Statement of Accounts had been seconded by Mr. U. Sz-wing, Mr. W. O. Nodes proposed, and Mr. A. J. Kew seconded, the election of 51 Chinese Temporary Voting Members; while Mr. Ko Fook-sang proposed, and Mr. Chan Kam-hong seconded, the election of 51 non-Chinese Temporary Voting Members.

"I JUST CAME BACK FROM A VISIT TO HELL..."

I spent my life in a small German town, teaching the kindness and tolerance that decent people live by. One day armed men in brown shirts broke into my home... tore me away from my daughter... threw me into a Nazi concentration camp. What I have to tell you isn't propaganda... just the realistic truth that every American has a right to know!

EYE-WITNESS TALES OF GREAT MEDITERRAN'N BATTLE

Italian Retaliation Hopes Blasted By The Lightning Fire Of British Warships

ALEXANDRIA, April 3 (Reuter)—Eye-witness stories of the great Mediterranean battle were given yesterday by officers in the battleships Barham and Valiant and the cruiser Gloucester. Writes Reuter's correspondent with the Mediterranean Fleet.

These made clear that the lightning broadsides from our battleships nipped in the bud any hopes the Italians may have had of hitting back. The Italian cruisers, Zara and Fiume, received broadsides from the Barham and Valiant within a few seconds of sustaining direct hits from the Warspite.

Captain G. C. Cooke of the Barham, shooting of the Italians. The ham compared the battleships Gloucester is keeping shell splinters which used six-inch as well as 15-inch guns to a "team of three perfectly trained boxers." The Barham's first broadside scored a direct hit under the bridge of one cruiser and the second caused a series of explosions.

As this cruiser then began burning furiously from bow to stern, the Barham shifted her fire to the second ship in the line which was already burning. She received a broadside near the waterline. The fire aboard her became so fierce that a further target was sought but none was found.

An eye-witness said that the cruiser's guns remained pointing fore and aft throughout the action. The only fire they put up came from Breda guns with tracer shells from anti-aircraft armament.

BEST NIGHT SHOOT

Commissioned Gunner Edwards of the Barham described the broadsides as the "best night shoot I have ever seen." He told how for many years the British Navy constantly practised night actions.

Captain Cooke spoke in the highest praise of every man in his ship, including the cook, who continued to serve food.

Aboard the Gloucester, 1 was told how the Gloucester, Orion, Ajax and Perth contacted the enemy warships throughout last Friday while they endeavoured to lure them in the direction of the British Fleet.

The officers of the Gloucester, and Orion testified to the good

MATSUOKA, POPE EXCHANGE VIEWS

Gold Medal Presented To Japanese Diplomat

LONDON, April 3 (Reuter)—Mr. Matsuoka revealed yesterday to Pressmen at Villa Madama where he was staying that he may visit occupied France on his way home.

He added that he would take advantage of his return journey to stay in Germany as a private citizen as he was anxious to come in closer contact with the population.

He emphasised his intention of personally informing himself of "the true situation in Europe."

Mr. Matsuoka had a further talk with Signor Mussolini after luncheon in the presence of Count Ciano.

RELIGIOUS ISSUE

At the meeting of Mr. Matsuoka and the Pope earlier only religious and moral issues were discussed, state Vatican circles.

The Pope set forth the views of the present situation, Mr. Matsuoka listening with a great deference of attention.

The Japanese Foreign Minister then gave the Japanese viewpoint.

GOLD MEDAL

Before Mr. Matsuoka left, the Pope presented him with a gold medal.

Mr. Matsuoka subsequently talked with Cardinal Maglione Papal Secretary of State for nearly an hour.

Mr. Matsuoka said afterwards that he was tremendously impressed by the Pope.

He is leaving Rome today.

ITALIAN U-BOAT DESTROYED

LONDON, April 3 (Reuter)—A British submarine officially reports that she had sunk in the Mediterranean an Italian U-boat and an Italian tanker, the Laura Corrado, of 3,645 tons.

KING GEORGE'S MESSAGE

ALEXANDRIA, Apr. 3 (Reuter)—King George of England yesterday sent the following message to Admiral Sir Andrew Cunningham, C.-in-C. of the Mediterranean Fleet: "My heartiest congratulations to all ranks and ratings under your command on your great victory."

"NUISANCE" RAIDERS

SMALL SCOTTISH VILLAGE BOMBED

LONDON, April 3 (Reuter)—Some activity by single enemy aircraft over the east coast of England and Scotland was all that the Air Ministry reported last night.

At a place in East Anglia and a village on the north-east coast of Scotland, it says, some damage was done to industrial buildings and there was a small number of casualties of which very few were fatal.

Elsewhere there was little damage and no casualties were reported.

One enemy aircraft was destroyed by British fighters in the morning.

NAZI EXODUS FROM RUHR DISTRICT

LONDON, Apr. 3 (Reuter)—It is learned in Czechoslovak quarters in London that the Slovak authorities in Bratislava have been ordered by the Germans to find billets for 35,000 German children who are to be evacuated from the Ruhr district in view of the devastating effects of British air raids.

The Germans have already ruthlessly taken away a greater part of foodstuffs produced in Slovakia where an acute food shortage prevails.

REINS OF ITALIAN GOVERNMENT IN THE HANDS OF THE GESTAPO

BOSTON, April 3 (Reuter)—Following Britain's smashing defeats of the Italians in Africa and the Mediterranean, Italy's internal regime has fallen almost completely under Nazi control, declares Mr. F. R. Davies, Christian Science Monitor's Rome correspondent, on returning home after expulsion from Rome.

Italy's chief centres of power are now in the hands, not of the troops as most people imagine, but of the Gestapo. "When I left Italy late in February, revolution had already occurred and been won by the Germans, who carried through plans so secretly that most Italians did not know what happened."

The beginnings of Nazi infiltration were traceable before Italy entered the war and all through Italy's military collapse the Gestapo coolly went on maturing its plans.

"The Italian Government nearly fell apart under the shock of the Libyan defeat and the wheels of Government almost came to a standstill. Power came to the Germans by default merely by staying at the posts they had already occupied."

WHOLESALE PURGE

With the Germans' collapsing, continues Mr. Davies, wholesale purge of Fascist Party officials occurred, province by province. It was the zealous and patriotic type of official, potentially if not actually anti-German, who suddenly found he had resigned and enlisted for duty at the front.

The Italians were mostly too occupied by the war to see what was occurring and those who did said they were powerless to prevent it.

Everyone in Rome realised the African Empire was breaking up. Most of the Ministers had been shipped off to the front and those remaining found Signor Mussolini would not see them.

Revolutionary plots were ripening like oranges, Mr. Davies declares, and Signor Mussolini was experiencing a personal crisis just then with effects similar to a serious breakdown.

REICH'S BEST FRIEND

The degree of the Duce's recovery is still in doubt. He has quite lost his customary grip on himself and on the Government, Signor Mussolini is now Germany's best friend in Italy and he clings to the hope of an ultimate Nazi victory as the only chance of saving himself.

Nazi "Fifth Column" Expert Arrives In South America

NEW YORK, April 3 (Reuter)—Herr von Rieth, who as the former German Minister in Vienna took an active part in the abortive revolt against Chancellor Dollfuss in 1934, recently arrived in South America and is now in Chile. It is learned from circles here in close touch with events in Latin America.

Accompanied by General Niedenfuhr, the South American specialist of the German Secret Service, he is understood to be making it his special business to stir up hostility to the United States in the southern hemisphere.

Herr von Rieth has already made himself conspicuous through his activities in the Argentine where, with the active help of the local German and Italian fifth columnists, he tried to play up to the nationalist feeling of the Argentinians against the United States and Britain.

It is recalled that in the first abortive attempt to destroy unity in Austria, von Rieth conspired with Rintelen, then Austrian Minister in Rome, against Chancellor Dollfuss. When on July 25, 1934, Nazi fifth columnists dressed as policemen and members of the Austrian armed forces stormed the Chancellery and shot Dollfuss, von Rieth appeared in front of the Prime Minister's headquarters and openly negotiated on behalf of the insurgents with Dr. Fey, Minister of the Interior.

SANCTUARY PROMISED

He suggested that the revolt should be called off (it, in the meantime, had failed in the provinces) on condition that the Austrian Government assured the safe conduct of the Chancellor's murderers for whom von Rieth promised sanctuary in Germany.

The offer was rejected by President Miklas, who said that it was extraordinary for the diplomatic representative of a friendly neighbouring state to act as parliamentarian on behalf of men who had just killed the Prime Minister of the country to which he was accredited.

As the revolt had failed in any case, von Rieth was called immediately by Hitler, who disclaimed responsibility for the uprising.

Since then, little has been heard of von Rieth who, however, appears to have been the head of the special section of the German Foreign Office in charge of fifth columns where he enjoyed the high rank of Secretary of State for Foreign Affairs.

DEFENCE OF THE WESTERN HEMISPHERE

U.S. COLLABORATION WITH MEXICO

WASHINGTON, Apr. 3 (Reuter)—United States-Mexico collaboration for the defence of the Western Hemisphere is visualised in a message sent by President Roosevelt yesterday to the Senate asking it to ratify the new agreement between the United States and Mexico for reciprocal use of airfields belonging to each nation which was signed here on Tuesday.

President Roosevelt says the agreement was concluded in view of the exceptional circumstances which had arisen from the present European conflict, "and takes into consideration the necessity of ensuring conditions of maximum speed for the movements of aviation required in the defence of the American continent."

"Its purpose is to organise substantial and efficient collaboration between the United States and Mexico in preparations for the defence of the Western Hemisphere."

DEFENCE CHIEFS

Three Defence Chiefs—General Marshall, Chief of Staff, Admiral Stark, Chief of Naval Operations and Major-General Thomas Holcomb, Commandant of Marines Corps—were later asked to attend the conference.

Dairy Farm Milk Sales Touch New High Level

SATISFACTORY YEAR REPORTED BY CHAIRMAN AT ANNUAL MTG.

The purchase last year of 187 Dairy animals at a cost of \$179,628.72 was referred to at the annual meeting of the Dairy Farm, Ice and Cold Storage Company, Ltd. yesterday by the Chairman, the Hon. Mr. T. E. Pearce, in his speech.

This was one of the heaviest purchases made by the Company in any one year of its existence, Mr. Pearce said, but it was fully justified as Milk sales touched a new high level, being over 1,000,000 bottles up on 1939. The animals were imported from Canada, Australia and the United States of America.

The Hon. Mr. T. E. Pearce presided at the meeting, supported by the Hon. Mr. S. H. Dodwell, Hon. Mr. A. L. Shields, Mr. L. J. Davies and Mr. D. L. Newbigging, Directors, Mr. J. D. Thompson, Manager, and Mr. G. Milne, Secretary.

Shareholders present were Messrs. J. Owen-Hughes, W. MacFarlane, A. D. Wyllie, D. McFarren, P. Morphey and C. G. Blake.

The Chairman said: "Before proceeding with the business of the Meeting I wish to make reference to the death since our last Annual General Meeting of Mr. A. B. Stewart. Mr. Stewart served on the Board for many years and was Chairman on several occasions. He took a very keen interest in the Company and his passing is to be greatly regretted."

"The Profit on Working Account for the year amounted to \$960,932.94. As compared to last year this figure is less by \$45,140.55 and included in the Accounts is our subscription of \$15,000.00 to the 'South China Morning Post War Fund.'"

"The balance of Profit and Loss Account at \$451,849.05 is however \$103,170.57 less than the figure shown in last year's Accounts."

WAR TAXATION

"You will observe the item—Reserve for War Taxation 1940/1941 \$80,000.00, and I would explain that since the closing of the books a payment of \$54,000.00 against this has been made to Government. The Reserve has been made necessary, as certain items are still under discussion with the Taxation Department."

"Interest at \$48,905.69 is some \$25,000.00 up on the previous year but Repairs and Renewals at \$58,373.29 show a reduction of \$20,000.00. Needless to say our Buildings, Machinery and other depreciable assets are being maintained in the usual high state of repair and efficiency."

"On the other side of Profit and Loss Account credit amounting to \$17,525.30 has been taken in respect of Unclaimed Dividends forfeited. This amount represents Dividends unclaimed up to and including those declared in 1937."

DEPRECIATION

"Depreciation amounting to \$227,576.21, is on the usual scale but none has been charged against those assets which were not employed during the year and to which I shall later make reference. As I previously mentioned the balance of Profit and Loss Account amounts to \$451,849.05."

"To this has to be added \$35,367.52 brought forward from last year, making a total of \$537,216.57, from which has to be deducted the Interim Dividend of 50 cents per share amounting to \$146,667.50 paid in September last, leaving for appropriation the sum of \$390,549.07."

"Your Directors propose to deal with this balance as follows:

Pay a Final Dividend of \$1.00 per share on 293,335 shares—\$293,335.

Add to Cattle Reserve \$25,000. Carry Forward \$72,214.07. Total: \$390,549.07."

"I trust these allocations of the amount available will have your approval."

"Although there is no bonus to be paid Shareholders, the amount being distributed is only \$36,666.88 less than was the case last year, as a full dividend is payable on the 41,805 new shares issued in 1939."

CATTLE ACCOUNT

"Turning to the Balance Sheet, I would call your attention to Cattle Account and in the first place to the item 'added this year'. The figure of \$179,628.72 represents the cost of 187 Dairy animals which we imported from Canada, Australia and the United States of America."

"This is the heaviest purchase made by the Company in any one year of its existence but was fully justified, as Milk sales touched a new high level, being over 1,000,000 bottles up on 1939. Sales and Deaths at \$145,205.00 repre-

sent animals withdrawn from the Herd—either by sale or death—at cost."

"This is a heavier charge than usual and to a large extent is due to the fact that included in the list are a number of animals imported during the year. Imported animals, particularly during their first year here, do not possess the same powers of resistance as animals bred on the Farm."

"The Herd totalled 1,908 animals at the end of the year, a record, and must now be one of the largest still fed herds in existence. You will appreciate that the supervision and feeding of such a large number of animals is no sinecure, and reflects much credit on those responsible. The amount deducted for sales and deaths, \$145,205.00, is debited against Cattle Wastage Account."

RISE IN COSTS

"When addressing you from the Chair last year my predecessor mentioned that with the rising cost of Fodder, Bottles, Caps and other necessities required for the production and delivery of Milk, an upward revision of prices might be necessary."

"As the year progressed these costs reached proportions which precluded further delay in this decision, and in June last an increase of 2 cents per half pint bottle was made. This step, although some months overdue, I may say, was taken with the greatest reluctance."

"Not since 1931, when the price per bottle was increased from 15 to 18 cents, has a change been made. Since then, however, as you are already aware, compulsory pasteurisation, bottle hooding, and sealing of milk, has been made effective, thereby greatly increasing production costs."

MILK PRICES INCREASE

"Your Directors fully realise the hardships which follow any increase in milk prices and will not make any further upward revision unless compelled to do so by a further rise in the necessities and feedstuffs required in production I have just mentioned."

"I may add, here, that despite the increased turnover and higher price realized, this department showed a lower return of profit this year as compared to last."

"In addition to the cost of Cattle, which I have already mentioned, Capital Expenditure during the year was as follows:

Building and Property Account \$271,983.88. Ice Plant and Machinery \$355,003.71.

Launches, Lighters and Vehicles \$5,938.95.

Furniture and Fixtures \$48,597.14, making a total, including the Cattle, of \$881,524.40."

"In addition to this, stocks at \$1,365,353.84 show an increase of \$450,033.60 on the previous year's figure. This is reflected in the Overdraft with our Bankers and in the Interest Account, the totals of which are respectively \$1,057,797.01 and \$48,905.69."

HEAVIER STOCKS

"I think you will agree that the policy of carrying heavier stocks in view of the uncertainty of shipping and the position generally, is a wise one."

"Reference was made from the Chair last year to the improvements being carried out at our Kowloon Branch in Nathan Road. These were completed during the year, and this Branch is now a credit to the Company."

"We have had the benefit of a complete year of the extended Cold Storage plant at East Point. This has proved most satisfactory. Unfortunately owing to the continued scarcity of Fresh Fish little use has so far been made of the Fish Freezing Plant."

"By the erection of Buildings and Plant at Aberdeen, we have added 55,848 cubic feet to our Cold Storage capacity. This extra facility was brought into service in January last."

"The Chairman then proposed the adoption of the report and statement of accounts as presented. In seconding the adoption of

POWER-HOUSE OF
THE EAST

SINGAPORE was recently described in an American newspaper as "Britain's Power-House in the East." The real meaning of this term and the vital interest it holds for the United States have not been fully realised, particularly in the matter of Anglo-American co-operation and co-ordination of action in developments in the Pacific. It is true that the recent state of political tension in the Far East drew attention to the tremendous strategic value of Singapore from a military and naval point of view. Its importance as the junction of trade routes to the east is, of course, well recognised, but its present significance involves a great deal more than trade alone. Its unique position, which will enable it to act as Britain's power-house in the event of hostilities breaking out in the Pacific, has only lately been given the notice it deserves and this has admittedly had its effect. The Japanese have undoubtedly been duly impressed by the smooth and easy manner in which men and war material have been swiftly transported to this British fortress and the fact that this flow can go on unceasingly in order to make it possible for this power-house to supply the rest of the peninsula which it guards with all its requirements, has not been lost on Japan's militarists.

IT IS, therefore, necessary to see how far American interests are involved in the military value of Singapore, if co-operation between Britain and the United States is to be sustained in every eventuality. The news of the sudden visit of the Commander-in-Chief of the Far East, Sir Robert Brooke-Popham, whose headquarters are in Singapore, to the Philippine Islands, for discussions with American military and naval quarters there, indicates that United States interest in Britain's eastern power-house is greater than is realised. An analysis of this interest reveals how this comes about. The chief responsibility of the United States in the Pacific is, of course, the Philippines and, if the Japanese are able to establish themselves to the south, it would constitute a grave menace to these islands. Then again, there are American interests in China—interests which are not only concerned with trade and business, but with the more important issues of democracy for which China too is fighting so valiantly. Finally, there are the Dutch East Indies within a very short radius of Singapore and on which the United States depends to a large extent for her supplies of tin and rubber. A Japanese occupation of Singapore would deprive America of these essential commodities.

THE NEW WOMEN
OF CHINAInteresting Lecture
At Helena May

An interesting lecture on "The New Women of China" was given yesterday before a meeting of the Religious Fellowship at the Helena May Institute by Miss Tseng Pao-sun, Principal of the I Fang Girls' School, Changsha, and one of the leading figures in women's education in China.

Miss Tseng is also a member of the People's Political Council and a grand-niece of Marquis Tseng, one of China's earliest and most distinguished ambassadors to the Western world.

Tracing back the advent of western education upon China, Miss Tseng recalled the "May 4" Movement of 1919, a student movement directed to a return of the Shanghai Peninsula from Japan. Women students had participated in the movement, and it was to 1919 that co-education in China could be traced back, Miss Tseng said.

REMARKABLE PACE
In the 60 years since education on more than a purely home scale has been permitted them, the women of China have progressed at a remarkable pace toward the acquisition of new skills and abilities and there are today, Miss Tseng said, educators, doctors of medicine, social workers and others in their ranks who are giving their sisters a greater importance in the life of the nation.

Christianity has been one of the greatest contributors towards the liberal attitude that exists today toward women's education in China, the fact that Chinese women had always enjoyed a certain amount of room in their own houses, even in Imperial times, was another factor that contributed to the rapid spread of education.

ACKNOWLEDGMENT

F. R. Myhill 75, Anonymous 1.05, Dr. A. Sydenham 5, St. Stephen's Girls' College 30.

Quarantine restrictions have been imposed by the Government of the Netherlands East Indies against arrivals from Hongkong on account of cholera.

IT IS consequently important that the United States should be actively concerned in ensuring that a standard of conduct for keeping these interests inviolate is maintained. Failure to do so and to permit Britain to bear the whole responsibility of preserving her own status quo and that of other powers in the Pacific, will mean that not only the Chinese, but all western interests will be dependent for their future existence in the Orient on Japan's terms. It would become an ignoble submission to what the Totalitarians would describe as "the dominant race" in Eastern Asia. Apart from this, there is the issue of international law which makes it incumbent on liberty-loving nations to prevent an aggressor taking what he can get and using it to the disadvantage of others. These are the circumstances which make it vital for the United States to look upon Singapore as much her own outpost in the east, as it has become Britain's power-house in East Asia. What the purport of Sir Robert Brooke-Popham's talks with United States authorities in the Philippines can only be guessed at, but if it means a wider degree of co-operation at Singapore, which will permit the use of the naval base there by American warships, it will be generally welcomed.

BRISK BIDDING
AT AUCTION OF
STEAM LAUNCH

The keen local demand for steam launches was reflected by the brisk bidding, at the China Auction Rooms yesterday, when the s.s. Hung Shun was sold by public auction, by Mr. E. V. M. R. de Sousa acting under the instructions of Messrs. Leo D'Almada and Co., solicitors for the Bill of Sale holder.

The auctioneer's opening price of \$500 was immediately doubled by Mr. Wong Sing and raised to \$2,000 by the same gentleman after the bidding had raised the amount to \$1,500. At \$2,800 a new bidder put the price up to \$3,000.

Bidding, at this stage, slowed down to the minimum "raise" of \$50 and the Hung Shun was finally sold to Mr. Wong Sing, of No. 34 Ko Shing Street, first floor, for \$3,000.

Particulars of the Hung Shun were as follows:
Licence No. 265, length: 56 feet 8 ins., breadth: 10 feet 7 ins., depth: 6 feet, gross tonnage: 22.03, nett tonnage: 14.99.

SUMMARY COURT
CLAIMJudgment Awarded
To Plaintiff

Judgment with costs was awarded to plaintiff by Mr. Justice E. H. Williams at the Summary Court yesterday in an action for the possession of the second floor of No. 28 Main Street, Shaikwan, brought by a woman, Lau Nim-che, of No. 26 Main Street, ground floor.

Defendant was neither in Court nor was he represented.

Plaintiff, who was represented by Mr. Alfred S. K. Lau, said that she was the principal tenant of Nos. 24, 26 and 28 Main Street, Shaikwan West, and defendant was her tenant on No. 26 at a monthly rental of \$34. Notice to quit was given defendant on Dec. 12 and a writ was issued on Feb. 3. Witness stated that defendant owed her two months' rents.

An order for immediate possession was also made.

INTERESTING
TALK ON
PIANO MUSIC

An interesting talk, entitled "Piano Music, Old and New," was given by Mr. A. M. Braga at the meeting of the Hongkong University Music Club held last night at the Assembly Room.

Mr. Braga's talk was interspersed with renditions, by Miss Caroline Braga, of works by the various well-known composers of pianoforte music.

Tracing the history of the piano, Mr. Braga said that it was invented by a young man, named Cristofori, in 1711 in the city of Florence. Mr. Braga then described the construction of a pianoforte. He said it was developed from the clavichord which was a descendant of the dulcimer which, in turn, was introduced into Europe from the East during the Crusades.

ALL FINGERS

After referring to the two kinds of music, the "absolute," such as sonata, prelude or fantasia, and the type known as "programme," or "descriptive" music, such as "romance," "waltz," or "cradle song," Mr. Braga went on to say that it was to Bach that we owe our system of piano playing with all the fingers. Before his time only the first three fingers were used.

The speaker then went on to give a brief life history of the various famous composers with Miss Braga rendering selections of their works.

PROGRAMME

The following programme comprised the recital:—

"CHAMBER MUSIC"

An interesting lecture on "Chamber Music" was given by Mr. Li Chi at the Chinese Y.M.C.A., Waterloo Road, last evening.

Defining chamber music, Mr. Li said that it was music played by two or more instruments which took turn to play the melody. In the 18th century chamber music was defined, said Mr. Li, as any music played outside of churches but until recently chamber music was thus defined.

"Chamber music was the most 'democratic' and the cream of all compositions," asserted Mr. Li. In playing chamber music artists need no conductor as they did in an orchestra or a chorus.

CLERK ROBBED

Money and jewellery was stolen when three robbers held up a clerk, Chung Yuen, in Ko Shing Street, West Point, late last night. Two of the men were armed with daggers.

SIR FREDERICK WHYTE ON
STEPS BEING TAKEN TO
PLAN THE POST-WAR WORLD

"The story of the war this week literally speaks for itself," said SIR FREDERICK WHYTE, K.C.S.I., and former political adviser to the National Government of China, when he broadcast from London on Wednesday in the series "LONDON NEWS LETTER."

Sir Frederick said that in they are already making plans for the restoration of their countries. They are doing this in all sorts of ways. The Poles have set up a medical school in Edinburgh to enable Polish students to complete their doctors' degrees. This is being done also so that health in Poland may be improved after Poland is free again. "If you remember how epidemics spread in Poland after the last war, you will realise how much will have to be done after the Nazis have done their worst in this war."

SIX GOVERNMENTS

"So I must speak of something which, though less dramatic, is nevertheless quite as important in the war and post-war world," continued Sir Frederick. "London today is something more than the capital of the British Empire. It is the capital of six other European nations. London has always been a place where you can hear strange tongues in the streets, but now it is more cosmopolitan than ever."

"When the Nazis engulfed half of Europe last year, Norway, Belgium, Holland, Denmark, Czechoslovakia and Poland were swept away, but one by one they came out of the sea to find a haven in England. When they came they had little more than the clothes they stood up in. All of them had to start from scratch to make some kind of an organisation for themselves—making brick without straw, or rather, making their bricks with our straw."

NOW PARTNERS

"They had two things to rely on—they knew we were fighting their battle and that they were sure of a welcome here, and because London is the centre of world finance and they all had some money of their own here. Each of these six nations is now a Government recognised by a special act of Parliament. Having been nothing but refugees, they are now partners in our cause."

"On the military plane, their service is recognised here. They are rallying their own people who may still be under the Nazi yoke and they manage to keep contact with their friends in Nazi-Europe. How they do it I am not going to tell you now. But you may remember the story of the German officer in Norway who sat down for his breakfast and found beside his plate a copy of the Daily Mail. He thumped the table and shouted: 'Where the deuce did this come from?' and the Norwegian waiter, without batting an eyelid, replied: 'It was just delivered at the door.'"

TWO LETTERS

Sir Frederick said that he had seen two letters this week. They both had a sad tale to tell of Nazi brutality and greed and the rising anger amongst the conquered people, but both letters had wound up by saying: "Thank God, you are in a free country and can tell the world about us. We are praying for a victory for the British."

"When we read in the cold printed pages of history how millions of Huns descended on the smiling lands like locusts, we just don't take it in as a rule," said Sir Frederick. "Now the Nazi locusts are eating up Europe under our eyes and on top of it all there is robbery in the way they are making these countries pay for their brutal occupation. This is reckoned at £800 million, which is £12 a head for every man, woman and child."

"The Germans are very generous to themselves in reckoning up the cost of occupation. This reckoning will keep, feed and clothe seven-million men. This is how the Nazis are making these countries pay for their war. As for Poland, let the Nazis themselves bear witness to the words of Herr Darre, who said: 'All the land in the state will be confiscated without exception and will be distributed among the worthy members of the Party and soldiers who win honours or privilege in the war.'"

NO TIME WASTED

"Here in London, the leaders of these unhappy people are wasting no time in wringing their hands. They have braced themselves to the inevitable consequences of Nazi rule and so convinced are they that the day of their liberation will dawn that

LOOKING INTO THE FUTURE

"The other jobs which these European guests of ours have in hand are also for the post-war world," went on Sir Frederick. "Naturally, the main effort is in war work and you can read of this work in the newspapers. But in looking into the future, these foreign groups in London think of themselves as the nucleus of a new international order."

"I have seen them and heard them talk and I have talked with them on their duties after the war. Their idea is that all countries should be restored to freedom as the first result of a British victory. After that it will depend on how far Britain can go in keeping the peace."

"I replied 'You know you can depend on us. As to making a new Europe and keeping it, Britain cannot give the Poles a plan of her own. If it is to be done it must be done by all concerned.' The reply I got was: 'The Poles began that before the war. That makes us an international force. Why should we not carry this on after the war?'"

"And what about Germany herself? What are you going to do about her?" Sir Frederick asked a Polish friend. "We don't believe that it is possible to turn a bad German into a good German at the point of the bayonet. We think he will learn something from defeat, but it will take a long time to make the Germans unlearn what has been taught him by the Nazis. So we must maintain closer union amongst ourselves. The Poles are already doing this with the Czechs and they are hoping that the other nations will join them," was the reply.

CZECH-POLISH PLAN

"In saying this my Polish friend was referring to the plan of alliance now being discussed by the Polish and Czech Governments in London to bind these two powers much closer together not only for this war, but for constructive peace after the war. In the service of their own security they intend to pool their resources."

"Whether the same idea of closer union can be applied all round is not sure, but the Czechs and Poles have reached a conclusion. Each of them is ready to give up some part of their own freedom of choice and action in order to defend the things which are dear to them both."

"They say that some kind of discipline is needed to keep the world marching in step. They say that Germany lack that and they are now trying to evolve a new discipline. The Czechs and Poles have gone far enough to make a public declaration of their own aim."

"It is true that a union of the other powers has not gone as far today, but there is discussion going on and I for one think that the best post-war world will demand a lot of thinking about and we cannot begin too early."

URGES BRITISH
ASSURANCE

Following the publication by the Times on March 27 of a special article entitled "Chiang Kai-shek's Resistance," Mr. Philip Price, M.P., is asking the Foreign Secretary whether steps have been taken or will be taken to assure the Chinese Government that as long as China does not make peace with Japan while Japanese troops are on Chinese territory, no attempt should be made by the British Government to detach Japan from the Axis by concessions at China's expense.—(Central News).

CAPT. FALLS FORESEES A SHORT PAUSE IN NAZI MOVES IN BALKANS

The events of last Thursday in Yugoslavia did not necessarily mean a declaration of hostility towards Germany, but it did mean that Yugoslavia repudiated what was obviously the interpretation that Germany wanted to put on the pact that was signed," said CAPT. CYRIL FALLS, military correspondent of THE TIMES, when he broadcast from London yesterday.

"This was that Yugoslavia should be used as a tool for the subjugation of Greece and that she should enter the 'New Order' as a slave state," continued Capt. Falls. "There was no outstanding effort to give her a more favourable position after the war."

GERMAN REACTION

Yugoslavia is determined not to submit to this sort of German domination which is now being exercised in Rumania and Bulgaria. What they want is honour and freedom rather than submission to Germany. How, therefore, is Germany going to take this rebuff?

"She is, of course, using her propaganda to frighten the Yugoslav nation. What will she do if her propaganda fails? She might resort to attack for which she is pretty well placed from the strategic point of view, but it is doubtful whether she can launch such an attack without more preparation."

"A major offensive to overthrow Yugoslavia, therefore, is a possibility, but it will take a very far-sighted man to prophesy its final development. It may result in the opening up of an eastern front against Germany and that is something that Germany dislikes. It is something that she disliked when this war broke out, but it is what she did accomplish because Britain was unprepared and could not give much help to Poland."

THE ALTERNATIVE

"Today, Britain is able to give a considerable amount of assistance

IMMINENT FALL OF MASSAWA EXPECTED

ITALIAN FORCES IN FULL FLIGHT

CAIRO, Apr. 3 (Reuter)—The fall of Massawa, the Eritrean naval base on the Red Sea, is expected at any moment, a British military spokesman said here last night.

After the capture of Asmara, the Italian forces are making no attempt to defend the port. They have taken the main road to the south and are at present in full retreat, closely pursued by the Imperial forces and suffering from hammering by the Royal Air Force.

"MOP UP FIRST"

LONDON, April 3 (Reuter)—"I think that we had better just go on mopping up Abyssinia further," said Mr. R. A. Butler, Under-Secretary for Foreign Affairs, in the House of Commons yesterday when asked whether any invitation had been received from the Negus to take over the administration of any part of Abyssinia.

Mr. Butler emphasised that the British Government had no territorial ambitions in Abyssinia.

POST CARD SERVICE FOR MIDDLE EAST

LONDON, April 3 (Reuter)—It was announced yesterday that a special airmail Post Card Service was being introduced for the personnel of the British Forces serving in the Middle East.

Post cards will be carried all the way by air to the bases in the Middle East where they will be delivered by the Army Postal Service.

NAVAL UNITS IN COLLISION

A collision occurred between light naval units exercising off Hongkong on the night of April 1-2.

Lieut.-Cmdr. J. C. Boldero, D. S. C., R. N., was injured and was rushed to the Naval Hospital, where he is making satisfactory recovery.

AXIS PROTEST REJECTED

United States Seizure Of Vessels

WASHINGTON, Apr. 3 (Reuter)—The Secretary of State, Mr. Cordell Hull, has decided to reject the German and Italian demands for the release of the seized Axis ships, it is understood.

Asked at a press conference whether there was any present intention of releasing the ships as demanded by the Axis protest note, Mr. Hull said he had not heard of it in Government quarters.

When United States replied to the protests, he added, the State Department would probably take up with the Italian and German Embassies the question of publishing correspondence.

INTERNATIONAL LAW

LONDON, Apr. 3 (Reuter)—The right of the United States under International Law to requisition the 28 Italian, two German and 39 Danish ships, of which the authorities took charge on Sunday, was maintained, by Professor Goodhart, an authority on International Law, broadcast last night in the B.B.C. Home news.

Every nation has the right, if it is in pressing need of ships, to requisition foreign vessels in its territorial waters subject to payment of fair compensation, he said.

Italy in 1915 seized 37 German ships although the countries were then at peace. Portugal, Brazil, Peru and Spain took similar action.

VON HEEREN TO STAY IN BERLIN

GERMAN MILITARY ACTION DELAYED

STOCKHOLM, Apr. 3 (Reuter)—Herr Victor von Heeren, the German Minister to Yugoslavia now in Berlin, is not expected to return to Belgrade though official intimation of the rupture of Yugoslav-German relations will probably be delayed, says the Berlin correspondent of the Aftonbladet.

He adds that any German military action will probably require some weeks of preparation.

Meanwhile the uncertainty about the Yugoslav situation has compelled Italy to re-group her forces as a precaution against the threat of a new front in Albania, according to the correspondent.

COMMONS STATEMENT

LONDON, Apr. 3 (Reuter)—Cheers greeted Mr. R. A. Butler, Under-Secretary for Foreign Affairs, yesterday in the House of Commons when he said that the Yugoslav situation had completely altered his last statement by the establishment, without any internal disorder, of a new government.

Mr. Butler added: "The House will have noted, with gratification the Order of the Day of General Simovitch in which, after asking that false rumours should be ignored, General Simovitch said that his Government were pursuing a friendly policy to all their neighbours."

Mr. Butler added that the British Government were in full and friendly relations with the new Yugoslav Government.

GERMAN ATROCITY CAMPAIGN

LONDON, Apr. 3 (Reuter)—The atrocity campaign against Yugoslavia on the German wireless showed signs of increasing intensity last night.

The most extravagant allegations regarding treatment by the Serbs of German refugees, said to be arriving in trainloads at Graz, Austria, are made on the alleged authority of the refugees themselves.

JAPANESE TAKE JUNK LICENCES

Japanese trawlers and warships have stopped and searched numerous junks off San Mei and Kit Shek recently, taking away licences from the masters of these boats.

Four reports of licences having been taken away in such manner were made to the Water Police in the course of yesterday by masters of junks registered in Hongkong.

Nizam's Gift For Purchase Of A Corvette

CORVETTES FOR CONVOY AND PATROL DUTY

Here are photos of the small, fast type of craft especially designed for anti-submarine work and general escort duty. Canada began building 70 of these ships for the Empire's sea lanes a few months ago. All but a few will be launched by the end of May.

The Nizam of Hyderabad has sent £150,000 to the Viceroy of India to be sent to the British Government for the purchase of a corvette, states a message from London.

(A corvette is a small, fast type of craft especially designed for anti-submarine work and general escort duty).

The Nizam has, in addition, sent a gift of £10,000 for the purchase of aircraft.

The Maharajah of Bikanir has sent £1,000 for the relief of air raid victims. He previously sent £1,000 last September.

In sending these gifts the Maharajah wrote, "the indomitable spirit of the people of the British Isles against the indiscriminate Nazi bombing has evoked the genuine admiration everywhere. As a token of my own sympathies for those who are in distress I am sending you another £1,000."

MADRAS WAR FUND

The Madras War Fund is expected to reach £75,000 on Saturday and celebrations are to be held in honour of it.

The total amount sent by voluntary contribution from the Ceylon War Fund is now three and a half million rupees.

Tea and rubber producers in Ceylon have contributed 100,000 rupees.

British Saving Man-Power In African Drives

British operations in Italian East Africa are being conducted in a manner apparently designed to conserve man power for possible use elsewhere, writes J.W.T. Mason in the Manila Bulletin. The mountainous character of much of the terrain precludes blitzkrieg tactics and slower processes are essential if reckless and costly drives are to be avoided.

The British are fighting on five fronts in this area. They are conducting two movements in Eritrea, one from the west and one from the north.

TWO MORE DRIVES

They have two more drives under way in Ethiopia, one from the west and one from the south. Their fifth front is in Italian Somaliland, where they moved east from northern Kenya to the Indian Ocean.

Each offensive is independent, although the two pushes in Eritrea are designed to converge against the Italians defending the approaches to Asmara, the capital. In this region the Italians have been showing more obstinacy than elsewhere because of the excellent defenses provided by rough, mountainous positions.

The major Ethiopian offensive, is moving into the interior from the west. It has special importance for the British because the center of operations is near Lake Tana, source of the Blue Nile.

LAKE TANA VITAL

Italian possession of Lake Tana has been one of the reasons why the British regarded Mussolini's occupation of Ethiopia with suspicion. The Nile is the life stream of Egypt and control of its source in the hands of an unfriendly country might lead to riparian operations detrimental to the full flow of water along the Nile's course.

With Lake Tana now coming under British authority, a victory of considerable importance for Egypt is being won. In one way or another, Lake Tana is sure to find itself protected by the British after the war is over if British war aims control the peace settlement.

USE OF TRIBESMEN

The British are skillfully utilizing the tribesmen in western Ethiopia for action around Lake Tana. These natives never have fully accepted Italian rule and are among the best warriors in Africa. They are now supplied with equipment from British supplies and their support allows General Wavell to use his white troops sparingly.

April 8 is the 2nd anniversary of the Canton University English Club, and the anniversary dinner party will be held at the Cafe Windsor on April 8 at 1 p.m.

MARINERS WARNED

All craft are warned to give a wide berth to a diver's barge, to be marked with a large red flag, in harbour as from April 7.

R.A.F. MUST WAIT BEFORE HITTING HARD AT REICH

LONDON, March 24.—The RAF is hitting at Germany harder, but there are three reasons why at the moment it cannot do so very often, writes Ralph Walling in the Manila Bulletin.

As they were outlined to me in London today, they constitute a policy of "first things first," with the promise that the RAF will carry the air war into Hitler's country on a growing scale.

It will thereby implement what is recognised today to be the most effective means of hammering at the Nazis.

THREE REASONS

The three reasons are, first, diversion; second, the weather; and third, the state of Britain's bomber strength.

Now that the German air force is being used in support of its navy in an "all-out" bid to starve Britain of food supplies, it follows that a part of the RAF offensive strength must be diverted to counteract this threat by raiding the enemy's sea and air bases and other decisive points in the struggle.

MUST MAKE UP SHORTAGE

The shortages in Britain's front-line bomber strength must be made good before the prime minister's assurance that he is "arranging" that "presently" the disparity between the RAF bombing of Germany and the Luftwaffe raiding of Britain will be rather the other way round can be fulfilled.

It will take time before the RAF, facing for one thing a more distant and much bigger target, can hope to unload the same tonnage of bombs on Germany as the Germans unload on Britain.

NEW FACTORS

But here are some new and encouraging factors which should be borne in mind.

The new British bombers are faster than ever. This will offset the shortening hours of the summer nights, and it should enable the winter bombing campaign in Germany to be carried on with much the same strength.

The families of German workers continue to be evacuated from the much bombed Ruhr area and other Nazi cities and ports. Some are being sent to Austria, and others are coming west to occupied France.

NIGHT BLITZ CHECKED

The German night "blitz" on British ports has been checked for two nights in succession by the prevailing variable weather, which may eventually have the effect of upsetting the Nazi time-table.

The Nazi air formations, between 200 and 500 strong, are experiencing a heavy proportion of losses, observers are convinced.

German attacks on ports and other bottlenecks of American aid to Britain form the second essential part of a considered campaign to stop war supplies and food "somewhere, anywhere" between the producer overseas and the consumer here. The first essential is the U-boat campaign at sea.

The Luftwaffe's part in this blockade of Britain follows two big earlier failures: the first was to knock out the RAF, and the second was to break the people's morale.

RED ASSURANCE TO TURKEY

Britain Pleased With Soviet Declaration

LONDON, Apr. 3 (Reuter)—The recent Turko-Soviet declaration contained the following passage: "Should Turkey in fact be the object of aggression and be involved in war in defence of her territory, Turkey could then, in accordance with the Turko-Soviet Non-Aggression Pact, count upon the full understanding and neutrality of the Soviet Government."

In giving this information in the House of Commons yesterday, Mr. R. A. Butler (Under-Secretary for Foreign Affairs) said that he regarded this declaration of the Soviet Union in regard to Turkey as eminently satisfactory.

To other questions, Mr. Butler replied: "We always hope that such developments will draw the relations with the Soviet Government closer."

TRAFFIC ACCIDENTS WEEKLY RETURN

In the Colony of Hongkong including the Island, Kowloon and New Territories during the week ending at 8 a.m. on Saturday, Mar. 29, there were altogether 78 traffic accidents as the result of which two persons were killed and 19 persons were injured.

Of the persons killed, two Chinese males, aged 61 and 22, were knocked down and killed by a tram and a bus respectively; the first was crossing the carriageway and the latter on falling off a bicycle on which he was a passenger.

Of 78 accidents, 36 were collisions between vehicles; 27 were collisions between vehicles and pedestrians; 15 accidents were due to other causes.

NEW TRAINING COLLEGE

Members of the Hongkong Branch of the China Education Society paid an informal visit to the Teachers' Training College on Wednesday.

The visitors were welcomed in a speech by the Director, Mr. T. R. Rowell, B. Sc., Hon. Vice-President of the Education Society of the University of Hongkong.

The College is to be officially opened by His Excellency the Governor, Sir Geoffrey Northcote on April 23 and will be known, it was learned, as the Northcote Training College.

Imperial War Council

FORMATION MOOTED IN HOUSE OF LORDS

LONDON, April 3 (Reuter)—The formation of an Imperial War Council, consisting of the Prime Ministers of the United Kingdom, Northern Ireland, the Dominions, Southern Rhodesia or their representatives, a representative of India and representatives of the colonies and protectorates, was suggested by Lord Elibanks in the House of Lords yesterday.

Viscount Cranborne, Secretary of State for the Dominions, intimated that the Government opposed the suggestion as not at present practicable or possible. He added that there were doubtless circumstances and situations in which a conference of Dominion Prime Ministers might be of the utmost value.

A point might be reached in which we might be able to look more into the future than at present and at such a moment, an Imperial Conference might be essential.

In the Government's view, that moment had not yet come, but should the situation alter so as to make it possible to have such a conference, the Government would heartily welcome it.

BRITISH OFFICER PRISONERS

Transferred To Camps In Poland

LONDON, April 3 (Reuter)—Seven hundred British Officers, prisoners of war in Germany, have been transferred to camps in Poland (possessing inferior amenities) on the ground that conditions in an Officer's prison camp in Canada did not conform to that of the Prisoners of War Convention.

This was revealed by Mr. Law, Financial Secretary to the War Office, in the House of Commons yesterday.

Mr. Law said that enquiries had shown allegations regarding the Canadian camp were completely unfounded and that the camp had been favourably reported on by the International Red Cross.

Strong representations, Mr. Law added, had been made to the German Government which he hoped would result in the return of the Officers to their original camp.

HUNDREDTH ANNIVERSARY OF FOUNDING OF A. S. WATSON AND COMPANY, LTD.

Best Report On Record At Annual Meeting

"This year, marking as it does the one hundredth anniversary of the founding of the business, it gives me added pleasure to be in a position to present to shareholders so favourable a Report—it is in fact our best on record," said MR. D. E. CLARKE when he presided at the annual meeting of A. S. WATSON & CO., LTD., held at the Jacobean Room, Hongkong Hotel, yesterday.

The Chairman was supported by Hon. Sir Shouson Chow, Mr. J. Scott-Harston, Mr. S. T. Williamson (Directors), Mr. Wm. Paterson (Secretary), and Messrs. A. Vassant, Hooi Yip-beng, Peter Wong, W. T. Hansen, C. Bernard Brown, N. V. A. Croucher, J. E. Jupp, L. Guy, F. W. Stapleton, J. A. Tarrant, Wong Kin-tsoi and K. C. Mark.

CHAIRMAN'S SPEECH

In the course of his speech, the Chairman said:—
This year, marking as it does the one hundredth anniversary of the founding of the business, it gives me added pleasure to be in a position to present to shareholders so favourable a Report—it is in fact our best on record.

MANY CHANGES

During the many years I have been associated with the Company—first of all in London and subsequently here—I have naturally witnessed many changes affecting the development of the Colony and, consequently, business life of this community. Like all other concerns our Company has on this account, experienced fluctuations of fortune and I can well recollect—about thirty years ago when the Company was undergoing one of its difficult periods—certain anonymous correspondence appeared in the local Press written, presumably, by a Shareholder to the effect that the Company was moribund and, consequently, should be wound up. Replying to this, the Chairman at that time—Mr. Henry Humphreys—not only convincingly refuted this contention, but additionally indicated that our business, far from being moribund as asserted, had on the other hand never been in a stronger financial position. All this, of course, is a matter of more or less ancient history.

LOUDER THAN EVER

It is nevertheless a source of pride and satisfaction to the Management to be able to state, without fear of contradiction, that the Company at the present time enjoys a far sounder standing than ever before. Regarding the future outlook, it is impossible for one to venture more than a guess, particularly in view of existing circumstances; I shall not therefore attempt anything of this nature, but I can rightly state that we enter on our second century of operations full of confidence concerning the years ahead.

As regards the various items detailed in the Balance Sheet, there is, included with our other Reserves, the sum of \$5,711.26 representing amounts recovered to date on outstandings which had previously been written off against the special allocation in 1938 of \$50,000 for Outstanding Accounts in China. It is possible that further amounts of this nature may be collected, in which event they will be credited in like manner.

Also under "Liabilities" it will be observed that deduction of \$34,827.25 has been made from the Balance Brought Forward from the previous year of \$98,855.84, representing Corporation Tax on the Profits for the preceding period and paid to Government in December last.

HEAVIER STOCKS

On the Assets side of the Balance Sheet, the principal items calling for comment are "Stocks in Trade and Sundry Stores" which show increase of \$178,549.07. This, however, cannot be regarded as abnormal, in view of the volume of business now being handled also anticipated difficulties in the near future in obtaining necessary supplies of further stock requirements, owing to shortage of tonnage and other factors consequent on the prevailing situation.

AN HONEST DEBTOR

Before concluding my remarks, I feel it appropriate to relate to you a pleasing incident that occurred in recent months when I received a letter addressed to me personally. On opening the envelope I was surprised to find \$2,000 in Bank notes with a covering letter in

Chinese which, on translation, indicated that the sender had transacted business with "Watson's" about 40 years ago but, unfortunately, his firm went into bankruptcy owing our Company about \$1,500; continuing, the writer advised that subsequent to that time he had "made good" and, returning to the Colony on retirement, he had not forgotten this amount owed by him and consequently, in order to repay his debt plus interest, he now enclosed the aforesaid amount. We were unable to get in touch with the sender as no address was given, but in accordance with his suggestion we acknowledged this remittance in the local Chinese press. I trust you will agree with me that this gentleman's very worthy action deserves special mention.

STAFF QUARTERS REBUILT

Regarding the recommendations as to allocation of profits, you will observe that it is proposed to transfer \$100,000 to Building Improvements. Explaining our action in this matter, I would mention that our Hongkong properties include ten Chinese houses at Electric Road, North Point, near our Warehouse Department and Aerated Water Factory, which are utilised as staff quarters. These tenements are not only old, but generally dilapidated; consequently, it is our plan to remodel them almost entirely, modernising them in accordance with present day requirements. This work, I may add, has already been put in hand and these premises should be ready for occupation in a matter of four to five months' time.

NO CELEBRATIONS

Before closing my remarks, I should like again to refer to the Company's Centenary. To mark the occasion, it was originally intended arranging some form of celebration, but owing to the general world situation it is considered by your Directors and General Manager that anything of this nature would not be in accord with general opinion; consequently, the idea has been dropped, and I hope Shareholders will agree with me

that this is the correct course to adopt in the circumstances.

SECONDER'S SPEECH

Mr. F. W. Stapleton, in seconding the proposal, said:—
For many years now, it has been my pleasure, on a number of occasions, to second the adoption of the Report and Accounts as presented by the Chairman of this Company and, once again, I have to congratulate the Management on the very excellent Report which has been placed before us, while I feel sure that Shareholders will also wish me to thank the Staff on their behalf, for the good work they have accomplished during the year.

It is a source of much satisfaction to know that the 'old firm' has reached its century full of vigour, with moribund tendencies still a very long way off.

CONFIDENT OF FUTURE

Despite the difficulties of present day trading conditions, I feel sure that all Shareholders will concur with our Chairman that we start on our second century with the knowledge that the Company now occupies an exceedingly sound position and, consequently, we can safely regard the future with hope and confidence.

OFFICERS RE-ELECTED

Mr. J. Scott-Harston, the Hon. Sir Shouson Chow, Mr. S. T. Williamson and Mr. Wm. Paterson were re-elected as Directors by a resolution proposed by the Chairman and seconded by Mr. N. V. A. Croucher.

Mr. C. Bernard Brown and Mr. S. T. Sullivan were unanimously re-elected Auditors for the ensuing year at the same remuneration as hitherto, on the proposition of Mr. J. A. Tarrant, seconded by Mr. J. E. Jupp.

Increase In Profits

CHINESE ESTATES ANNUAL MTC.

A highly satisfactory year, resulting in an increase of \$24,288.98 in the net profits and the payment of a final dividend of \$2 (making a total of \$13 for the year) was reported by Mr. Leung Kwai-tin when he presided at the annual meeting of the Chinese Estates, Limited, yesterday.

Supporting the Chairman were the Hon. Sir Robert Kotewall, Messrs. Lau Tak-po, Leung Tung-kai, Li Ka-sze, (Directors), Mr. Fung Ping-fan (Director and Secretary), Messrs. Li Po-kwai, Li Cheung, Li Ngai, Mok Han, Lo Kam-kwong, Li Cheong, Kenneth Fung, Mrs. Phoebe Hung, Miss Fung Ying and Chu Lung Co.

CHAIRMAN'S SPEECH

The net profit for the year, after providing for Reserve for Depreciation on China Building (\$30,000.00), Directors' and Auditor's Fees and all Expenses, amounts to \$180,510.08 which, added to \$127,889.92 brought forward from last account, shows a total of \$308,200.00.

A comparison with last year's figures reveals an increase in the net profit for the year by \$24,288.98 over that of the previous year. I trust that shareholders will consider this result satisfactory, bearing in mind that a sum of \$17,875.50 was paid in respect of War Taxation. It is also gratifying to note that, in spite of the erection in the neighbourhood of several new buildings suitable for offices, the demand for office-rooms in China Building remains undiminished, and that during the year under review all office rooms and shops were let. This is, no doubt, due to the advantageous positions of the building, and to the extensive structural improvements which have been effected in recent years.

The amount of \$30,000.00 provided for Reserve for Depreciation on China Building is \$20,000.00 less than that of the previous year. Shareholders may remember that, for 1938 and 1939 the amount annually provided for this purpose was \$30,000.00, but last year your Directors, having due regard to the uncertainty of the time, adopted the prudent policy of increasing the provision to \$50,000.00. However, the receipts of the past twelve months have shown an actual increase instead of a decrease; and your Directors, taking into consideration this fact, and also the facts that the Company has now to pay War Taxation amounting to nearly \$20,000.00 and that the amount standing to the balance of this Reserve has reached the sum of \$580,000.00, have decided to revert to the sum of \$30,000.00 as an appropriation for this head or expenditure. This action has the concurrence of the Auditor.

\$13 DIVIDEND

There have already been four payments of interim dividends, three of \$3 a share and one of \$2 a share, amounting in all to \$13 a share. Your Directors are now pleased to recommend a final dividend of \$2 a share, making in all \$15 a share for the year, as compared with \$10 a share for the previous year.

The reasons which prompted your Directors to pay such dividends and at such intervals are the exceptionally high cost of living that has been prevailing in the Colony, and the requests received from many shareholders to pay as many and as large dividends as the financial position of the Company would permit. Your Directors must, however, make it clear that these payments have been made in exceptional circumstances, and may not be possible in the future.

After payment of the final dividend, which absorbs \$33,000.00, there will be a balance of \$93,700.00, which your Directors propose, with your approval, to carry forward to new Account.

It is with very deep regret that your Directors have to record the death in September last of Mr. Li Yau-sun, C.B.E., who was a founder of this Company, and whose advice and assistance had been invaluable to the Company. In recognition of Mr. Li's services,

BONUS TO STAFF

Before moving the adoption of the Report and Accounts, I wish to express my sincere thanks to the Secretary and the other members of the staff for another year's good work. I may mention also that in recognition of their loyalty and hard work, your Directors have paid to the staff one extra month's salary as a special bonus, in addition to the usual one month's extra pay at the end of the lunar year. I trust that this will meet with your approval.

DIRECTORS RE-ELECTED

After Mr. Li Po-kwai had seconded the Report and Accounts, Mr. Lau Tak-po proposed and Hon. Sir Robert Kotewall seconded that Messrs. Fung Ping-fan, Leung Tung-kai and Li Ka-sze be re-elected to the Board of Directors.

On the proposal of Mr. Leung Tung-kai, seconded by Mr. Li Ka-sze, Mr. Li Tung was re-elected Auditor.

THREE-YEAR RECONSTRUCTION PROGRAMME

Decision Adopted At 8th Plenary Session

CHUNGKING, Apr. 3 (Central).—Speaking at the dinner party given in honour of the 1,900 C.E.C. and C.S.C. members attending to the 8th Plenary Session at the Chialing House yesterday evening, Generalissimo Chiang Kai-shek commended the good spirit which prevailed throughout the Session.

He attributed the satisfactory conclusion of the Session to the detailed discussion of the various proposals and emphasised the importance of strict enforcement of the resolutions.

Besides the personnel changes in the Kuomintang Headquarters and the National Government, the most important decision reached at the Session was the adoption of a Three-Year Wartime Reconstruction Plan.

SALT MONOPOLY

Next in importance were the introduction of Government salt, sugar and tobacco monopolies, and the introduction of Kuomintang's land policy in which landowner will make his own assessment of government levies.

Another significant decision was that instead of provincial treasuries the Central Government will resume collection of land tax in order to meet wartime needs.

FOREIGN AID IN CHINA MEDICAL RELIEF

After some ten months of strenuous work with the International Red Cross in interior China, Mr. William Jenkins, one of the six young Britons who came from England last year to aid in China's medical relief, has returned to Hongkong.

In an interview with the CENTRAL NEWS, Mr. Jenkins said he had had a serious attack of typhus recently and was in Hongkong for recuperation. He arrived here by plane from Chungking on March 22.

After two or three weeks' stay here, he will proceed to Rangoon where he will continue his work for the International Red Cross supervising the transportation of medicines into interior China.

While in the interior, Mr. Jenkins did mostly publicity and office administration for the I.R.C. Travelling most of the time he had been to French Indo-China, the Burma border regions, Kweichow and Chungking.

He said he had broadcast to London and America from Kweichow and Chungking appealing for relief funds for the distressed in China. He had met Generalissimo and Madame Chiang Kai-shek, Dr. H.H. Kung, Vice-President of the Executive Yuan, and other high Chinese officials in Chungking. Prior to his departure for Hongkong, he said he was entertained by the Generalissimo at lunch.

IN SHENSI

Asked about the whereabouts of his five companions, Mr. Jenkins revealed that Mr. Evert Barger and Mr. Philip Wright are in Shensi as Field Inspectors for the I.R.C. They have just taken eight tons of medicines to the International Peace Campaign hospitals there. Messrs. Llewellyn Evans and Owen Evans are in Kweichow taking charge of the transportation work

for the I.R.C. Mr. Michael Sullivan is taking propaganda films for the Chinese Red Cross to be sent to America with a view to raising relief funds. He has been working in Kwangtung lately and is expected to arrive in Hongkong soon.

Mr. Jenkins said he was deeply impressed by the excellent spirit displayed by the Chinese students in the interior despite the hardships and privations they are undergoing. They are in dire need of books, especially those dealing in medicine, he said.

Asked about life in the interior from the viewpoint of a foreigner, he replied that it is enjoyable provided that person is fit. At first, he was not accustomed to the food, but later he adjusted himself to it. It is a painful experience to fall ill in the interior, he said, in view of the lack of sufficient doctors and medical supplies. He himself has had attacks of malaria, dysentery and typhus.

U.S. SHIPPING FOR BRITAIN

Programme Discussed In Washington

WASHINGTON, Apr. 3 (Reuter).—President Roosevelt yesterday conferred with Rear-Admiral Land, Chairman of the Maritime Commission, on the question of furnishing ship tonnage for Britain and other phases of the \$7,000,000,000 British Aid Programme.

Later Rear-Admiral Land told reporters that he had discussed with the President two categories of the programme, namely, the \$629,000,000 appropriation for ships and the \$200,000,000 appropriation for repairing warships.

The taking into custody of German, Italian and Danish ships in United States waters was not discussed.

"OPEN DOOR" TRADE POLICY IN CHINA QUERIED IN COMMONS

LONDON, Apr. 3 (Reuter).—Questioned about the "Open Door" trade policy in China in the House of Commons yesterday, Mr. R. A. Butler (Under-Secretary for Foreign Affairs) said that the British Government had for some time been watching the trend of Japanese policy towards foreign interests in China and in particular the effect on British trade.

Recently he took opportunity to draw the attention of the Japanese Ambassador to the present state of affairs which the British Government found impossible to reconcile with the past protestations of the Japanese Government about the maintenance of the "Open Door."

Asked by Sir John Wardlaw-Milne whether it was right to assume that the Japanese had now gone back on all their agreements regarding European interests, Mr. Butler said: "We have, on one hand, Japanese statements, and on the other hand the situation as it is now developing. The Japanese statements say that their policy is unchanged whereas the more we look at the situation the more unsatisfactory we see it to be. That is why we have taken the opportunity to bring the matter to the urgent attention of the Japanese Government."

United States Coal Industry Strike

NEW YORK, Apr. 3 (Reuter).—Although the strike in the United States coal industry is affecting nearly 500,000 workers, negotiations are continuing. A settlement is hoped to be achieved within 48 hours.

The deadlock arises from the Union's demand for a wage increase of a dollar daily for several hundred thousand miners.

Chinese In U.S.A. Solidly Behind National Government

Complete solidarity behind the National Government is evidenced among the Chinese in America and there is no talk of peace among them, declared MR. WEN-SHAN HUANG, professor at the Institute of Letters of the Graduate School, National Sun Yat-sen University and a veteran Kuomintang member, in an interview with Central News.

Mr. Huang returned here about two weeks ago after over a year's stay in the United States where he inspected the affairs of the Kuomintang and the conditions of the overseas Chinese and also organized the America branches of the San Min Chu I (Three Principles of the People) Youth Corps under the instructions of the Central authorities. He had visited practically all the large cities in the United States and also Toronto in Canada, and delivered over 100 speeches to overseas Chinese organizations and schools and written a number of articles on China's war of resistance for publication there.

The Chinese there, mostly hailing from Toishan, Kwangtung, Mr. Huang further said, all follow the instructions of Generalissimo Chiang Kai-shek and abide by the tenets of the National Spiritual Mobilisation Movement and the New Life Movement.

RECENT POLICY

As the result of the recent policy of the United States for full aid to the Democracies, Mr. Huang

observed, greater sympathy toward China has been demonstrated by the Americans, even those who previously advocated the isolationist policy.

Feeling against Japan are mounting among the American people, many of whom, including professors, advocate war with her. News of the imminence of war with Japan appears often in newspapers with glaring headlines.

Turning to his work in the United States, Mr. Huang revealed that he had organized three regional headquarters for the San Min Chu I Youth Corps respectively in the western, central and eastern parts of the United States with branches in different cities.

The headquarters in the eastern part is in New York and is headed by the Chinese Consul-General there, Mr. Yu Chun-chi. It consists of an auditorium, a library, a recreation room and dormitories and is regarded as the best and most beautifully built Chinese establishment there. The other two headquarters are also in satisfactory conditions.

SIGNED UP

Several hundred overseas Chinese youths, including students at the University of California and Harvard University, have signed up as members, Mr. Huang said. At present the three regional headquarters are planning to organize a publishing establishment in New York for the publication of a periodical called "Chinese Youth."

Besides the San Min Chu I Youth Corps, Mr. Huang also organized a branch of the Chinese People's Foreign Relations Association in New York.

Regarding the Kuomintang in the United States, Mr. Huang said that the Party affairs there are being carried on smoothly. A meeting of the members there is scheduled for June, during which special committees will be elected. Important problems of the Party will be discussed.

After a brief stay in Hongkong, Mr. Huang will leave for Chungking by plane to submit a report on his mission in the United States to the Central authorities.

HUNAN TRAINS MIDWIVES

Ten midwives' training classes for the training of 3,300 midwives have been formally opened in Lelyang.

It was established by order of General Hsueh Yueh, Chairman of the Hunan Provincial Government. The trained midwives will be distributed to various counties and towns in the province. Each country or town will have three of them.

A midwives' school will also be opened. Funds are being raised. (Central News).

CHUNGKING & H.K. IMMIGRATION LAW

CHUNGKING, Apr. 3 (Central).—One of the decisions reached at Tuesday's meeting of the 8th Plenary Session of the Kuomintang Central Executive and Supervisory Committees was to request the National Government to negotiate with the British Government for the cancellation of the Immigration Regulations now enforced by the Hongkong Government. It was pointed out that the regulations are prejudicial to the interests of the Chinese in Hongkong and the friendly relations between China and Britain.

SHEET ALUMINIUM INDUSTRY

SYDNEY, Apr. 3 (Reuter).—The establishment of sheet aluminium industry in Australia is the object of a special mission for which Lieut.-General Sir Ronald Charles, Chief Royal Engineer, has arrived here by air.

During his investigations, he will examine local reports regarding the possibility of producing aluminium from Australian deposits of bauxite.

MORE BRITISH WORKERS TO CHINA

About forty young Britons, including doctors, motor mechanics, transportation and first aid workers, are coming to China for practical services within one or two months, according to a cable received by local foreign relief workers for China.

Organised by the Society of Friends in London, known as the "Quakers," the party will bring a number of ambulances along and will be attached to the Chinese Red Cross after their arrival, says Central News.

WINE-BREWING FORBIDDEN

CHILDREN PLAY IN RUINS OF PLYMOUTH

PLYMOUTH, England, March 22.—British children were still playing in bomb-devastated Plymouth tonight, gaily skipping about and trading bomb-fragments much as children elsewhere might trade marbles despite grim bandages around their legs, arms and knees.

"COVENTRATED"
Around them lay stretches of desolation unequalled anywhere in Britain, including the gruesome sights of Coventry. I toured Coventry, Birmingham and the worst hit districts of London when these areas were "blitzed," but nowhere have I seen such destruction concentrated on any single spot.

Plymouth seems to have been "coventrated" in a manner that Coventry never experienced.

Throughout today there were intermittent explosions from delayed action bombs or dynamiting operations, adding to the heaps of rubble and stone.

20,000 BOMBS
It was estimated that the Germans dropped at least 20,000 incendiaries and hundreds of high explosives on residential districts of this great port, after which they divebombed the blazing ruins.

At dawn smoke overhung the town in which firemen, ARP workers and police were still toiling when I arrived. It was known that ten persons were killed in one shelter alone.

AUSTRALIAN PREMIER
Australian Premier Robert G. Menzies, who arrived Friday night shortly before the blitz, spent the night unhurt in the home of Lady Astor. Despite the hail of bombs, Menzies left the shelter during the blitz and toured the city. He loaned his automobile to be used in conveying women and children from their bombed homes.

In London official communiques describing the raid, said that the thrust was on "a fairly heavy scale, and there was considerable damage to public buildings, shops and houses. It was feared that the casualties may be fairly heavy."

PRIEST TO TOUR U.S. SELLING BOOK

Chungking, Mar. 22.—The Rev. Father Meus, Belgian Catholic priest who is a naturalized Chinese citizen, left today for Hongkong from where he will proceed to the United States by way of Manila and Honolulu.

He will tour the United States for six months to sell the book "The Science of Love" written in English by Dr. John Wu, noted Chinese jurist and member of the Legislative Yuan, who was recently converted to Catholicism. The volume deals with love of God and brotherly love based on the classics of ancient Chinese sages.

It may be recalled that last year Father Meus accompanied the late Chinese tiger painter, Chang Shan Tze, on a tour of the United States.

On hand today at the airport to see Father Meus off were Mr. Yu Pin, Apostolic Vicar of Nanking and a detachment of Chinese Boy Scouts.

RAPE CASE RECALLED:

JACOBS' UNSUCCESSFUL APPEAL AGAINST COURT SENTENCE

An application for leave to appeal against sentence of eight months' hard labour imposed on him in the March Criminal Sessions on a charge of rape was brought before Mr. Justice K. H. Williams and Mr. Justice J. A. Fraser in the Full Court of Appeal yesterday by Frank Kenneth Jacobs, private of the R.A.M.C.

Jacobs, it will be remembered was convicted for the rape of a 19-year-old girl, Man Mul-kwai, at King's Park, on Jan. 16, and was sentenced by Mr. George She, instructed by Mr. C. A. Sutherland Russ.

The appellant was unrepresented, while Mr. J. P. Murphy was for the Crown.

The grounds for appeal were (1) that he considered that the evidence was perjured by the prosecutrix; (2) that the proof produced by the prosecutrix was not sufficient to convict, as it was hearsay, and (3) that his innocence was partially upheld by the lenient sentence passed on him.

EVENTS EXAGGERATED

Jacobs said that the girl had grossly exaggerated the events of the night in question and went on to deal with the points which, he said, went to prove that she was lying. He declared that the spot where the girl alleged the offence took place was at least quarter of a mile away from the actual spot. It was impossible for him to lift the girl over the fence which was over four feet high.

Jacobs further declared that he knew the girl to be a prostitute and said that he could bring evidence to that effect, evidence which would show that she had slept with men in the Middlesex Barracks.

Regarding the evidence of Dormer, Jacobs said that the latter was grossly exaggerating what he had said. He said that the girl knew where to find him within a few minutes of reporting to the Police and declared that the girl was a consenting party through-out.

HERESAY EVIDENCE

Regarding the second ground for appeal Jacobs declared that the evidence of Cpl. Dormer was here, say, Dormer, he said, was a man who always exaggerate things and this was known to many of his colleagues in the regiment.

Regarding his third point, Jacobs said that until up to the time that the jury returned he was confident that he would not be found guilty, and declared that the jury, in the verdict that was given, was not absolutely sure of his guilt.

Asked by Mr. Williams what he meant, Jacobs replied that he got that impression by the recommendation by the jury.

APPEAL DISMISSED

In dismissing the application, Mr. Justice Williams said: "My brother and I have considered the grounds which you have put forward in this application for leave to appeal. You have not complained whatever against the summing-up which is a matter essentially for the jury who have given, as their opinion, that you were guilty."

"I see no ground for leave to appeal. You have mentioned certain incidents but you have had full opportunity to place what evidence you wished before the Court."

TEST OF FOOD STORAGE

Tests will be made soon in selected country centres of the Victorian emergency food stocks plan, which may be adopted as a model by the Commonwealth Government.

The plan provides for stocking in strategic centres enough supplies of essential commodities to meet any threat of or actual emergency which might dislocate normal transport or trading.

Prepared by a sub-committee of the Victorian Emergency Council, the plan is estimated to involve:—

STRATEGIC CENTRES

Establishment of reserve stocks at strategic centres valued at more than £1,000,000;

Provision of emergency reserve stocks of essential commodities for nearly 900,000 people, including those now living outside the city and those who might be evacuated; Arrangements to complete the stock of food reserves throughout Victoria within 14 days.

LONDON, Apr. 3 (Reuter).—Mrs. Virginia Woolf, noted essayist and novelist, is feared by her family to have been drowned in the River Ouse, near Lewes, Sussex, where she and her husband lived.

FORTUNE IN MARRIAGE MARKET

When Miss Heather Jenner and Miss Mary Oliver opened a marriage bureau in Bond Street, London, twenty-one months ago, many people said their venture was just another stunt, and predicted a swift and expensive failure.

The critics were wrong. These two young girls, in less than two years, have each built up a fortune.

On their books they have between nine and ten thousand men and women.

Each of them has paid a registration fee of \$40.

SWEET COURTS COOK

When they get married they pay a further fee of \$170 each, making a total of \$420 a marriage.

So far the two girls have brought off nine hundred marriages.

About a quarter of their clients are soldiers or working-class people. These pay only \$12 for registration and \$40 each when they get married.

"One is a chimney sweep," Miss Jenner said. "He signs himself 'Yours to a cinder.' At the moment, he's walking out with a cook."

Canadians and members of the U.S. Eagle Squadron are much in demand. Unfortunately the Bureau has no "Eagles" on the books—but it has plenty of Canadians.

"At Christmas," Miss Jenner said, "we had letters from married couples all over the world.

"Divorces? No, not one yet—touch wood. They all seem to be very happy."

Running a marriage bureau requires tact. The two girls meet clients in hotels, restaurants, private houses all over London—but they never "recognise" them unless the clients make the first move.

They have found that men generally have to meet about seven different girls before they find one to marry. And then it is not always the seventh.

Sometimes they go back to the fourth or fifth.

FOR KIANGSI RELIEF

In view of the wide-spread suffering in northern Kiangsi caused by the recent Japanese operations, the National Relief Commission has appropriated \$100,000 for emergency refugee relief in the recovered districts.

Previously, the Commission made an appropriation of \$70,000 distributed among the following cities: \$10,000 for Kiaoan and \$5,000 each for Juichang, Hukow, Nanchang, Fengsin, Hsienkien, Wuning, Anyi, Tsingai, Kiukiang, Tahan, Yungshui, Pengtseh and others.

CONGRATULATIONS TO FORCES

The National War Relief Association headed by General Chen Cheng, in a telegram to the Chinese forces on the Kiangsi front today, congratulated them on their smashing victory over the Japanese, which it said, has aroused nation-wide rejoicing.

The message expressed the hope that they will redouble efforts to wipe out the remnant Japanese units in northern Kiangsi. (Central News).

MONCKKOT RIOT

An attempt by an Indian constable to arrest two unlicensed hawkers in Mongkok on Wednesday night caused a riot, in which the Police officer and Mr. Pascoe, of No. 111, Prince Edward Road, were injured. Both were admitted to Kowloon Hospital.

Stones were hurled and the situation grew so bad that the Indian was forced to draw his revolver and fire a shot in the air. Two men and a woman were arrested.
